

Safe transport of military equipment

Since our founding on August 1, 2014, we have specialized in the transportation of weapons, ammunition, explosives, and military equipment.

With a dedicated fleet of two dozen trucks and specially modified vehicles, we uphold the highest standards of safety and efficiency.

At Advanced ROAD, we recognize that every transport tells a unique story. Every customer and every shipment matters. Our team of professionals, combined with innovative technology, ensures that each journey is completed successfully and to our clients' full satisfaction.

We invite you to share your experiences with us—whether it's a seamless transport, recognition of our reliability, or exceptional customer service. Your stories inspire and drive us to continually improve.

Together, we create stories.

We hold a firearms license – CF115786.

Join us and share your experiences with Advanced ROAD.
